

Quad club meeting April 9, 2014

12 members

2 guest speakers Conrad Thiessen and Jocelyn Campbell

No treasurer's report

Discussed old business:

- Natural resource road Act Trails Etiquette is posted on web site
- ORV registration and legislation is posted on web site
- There is a Gasline Pipeline Project open house
- Terry Mackay has "Spot " if anyone wants to use it.
- Hats; Dave Tolton will be ordering 2 dozen with our logo on it cost could be between \$15-18 each
- Power ride weekend at Hudson Bay Lodge will be held May 10th this year and we will need volunteers, to set up, man the display and take down. Hopefully we will be able to use Lloyds tent again.

New business:

- Conrad Thiessen a wildlife Biologist discussed the Telkwa Caribou Recovery and & Research project.
- They would like the quad club to Voluntary stay away from certain areas in the Telkwa Mountains. Here is there web site. <https://www.facebook.com/pages/Telkwa-Caribou-Recovery/458801530905180>
- Before we agreed to anything we want to have access to some restricted areas (such as Moose Skin Johnny) once a year as this would be a show of good faith and it would benefit both parties. Since most of the Caribou are collared they would be able to let us know when we would be able to go in to these restricted areas. Conrad also gave us a GPS for us to use for their research, they would like to know where we go, how many of us, if we have any dogs with us etc. This is all voluntary of course. Terry has the GPS. There is more to come on this issue.
- Western Financial will still give us discounts for our 2014 insurance
- The best practices for environmentally sustainable riding ATVBC. We did not have enough information so Dan will be calling them.
- Ride schedule for 2014 and poker ride will be discussed at the next meeting
- Coast Mountain would like to sponsor our poker run, they will put up the cash prizes and advertise for us. They requested we have the ride on the 3rd weekend in June, Doug , Al and Collin volunteered to work with Coast Mountain.
- Trails inspections and repairs, the Dome need some, Deception Creek may need a bridge, and some work is needed on the back side of Chapman Lake

Club Officers for 2014
